[2] Performance since inception is shown when the fund has been offered in the VariTrak contract for less than 10 years.

[3] Effective June 1, 2015 the T.Rowe Price Health Sciences Portfolio was closed to new investors and therefore not available as an investment option on this product for contract owners who were not already invested in that fund as of the closing date.

*Fund Inception Date is the date the fund was made available in the VariTrak contract.

Performance of the subaccounts reflects the investment income and capital gains and losses less investment management fees and expenses of the underlying funds, and the effect of mortality and expense risk charges, but does not include the effects of cost of insurance, policy expenses, or potential surrender charges. (If these charges were included, the total returns would be significantly lower.)

Please refer to the hypothetical illustration in the prospectus, which shows the effect on performance of various assumptions regarding the cost for insurance protection. You may also wish to obtain a personalized illustration, which reflects the cost of your policy's insurance protection.
