Who Is Considered a Foreign National?

National Life Group products are priced for the U.S. population. Our risk tolerance is measured based on the client’s resident country and their permanency of residence in the U.S. The following guidelines apply to both life insurance and annuity sales.

National Life Group considers "any" individual who spends more than 4 months (in a consecutive 12 month period) outside the U.S. a foreign national, and our foreign national rules apply. This includes U.S. citizens living abroad.

Any persons that have been in the U.S. for an 8-month period in 12 consecutive months will need to have the expectation of staying in the U.S. for the foreseeable future.
