

Our indexed annuity policyholders

HAVEN'T LOST A PENNY of their Policy Value due to market conditions¹

Stock market volatility in early 2020 wiped out trillions of dollars of market value: from March 6–11, the stock market lost approximately \$6 trillion in wealth.² During that same period, not one penny of premium paid or interest earned was lost by our indexed annuity policyholders due to the market.

In today's volatile economy, it is important that employees have a safe and secure place to save for their retirement – with a company that specializes and continues to be a leader in the 403(b)/457(b) market. It's our core business. We offer excellent traditional fixed and indexed annuities and Guaranteed Lifetime Income Riders that provide guarantees³ from loss of premiums paid and interest earned.

Our Riders also can provide a guaranteed income stream for life!
