

Our indexed annuity policyholders

Haven't Lost a Penny

of their Policy Value due to market conditions.¹

\$3 trillion in retirement savings was wiped out by the stock market fall during the first half of 2022.² During that same period, not one penny of premium paid or interest earned was lost by our indexed annuity policyholders due to the market.

In today's volatile economy, it is important that employees have a safe and secure place to save for their retirement — with a company that specializes and continues to be a leader in the 403(b)/457(b) market. It's our core business. We offer excellent traditional fixed and indexed annuities and Guaranteed Lifetime Income Riders that provide guarantees³ from loss of premiums paid and interest earned.

Our Riders can also provide a guaranteed income stream for life!

The Guaranteed Lifetime Income Rider (GLIR), as represented in form series 20367(0518), 20835(0123) or a state variation thereof, is a rider that may be available on select fixed indexed annuity policies at issue by Life Insurance Company of the Southwest. Electing this rider incurs an additional cost and rider charges continue to be deducted regardless of whether interest is credited. GLIR may not be available on all products or in all states. Guaranteed Withdrawal Payments reduce the policy's accumulated value, but you will continue to receive these payments during your lifetime even if your accumulation value declines to zero. Indexed annuities do not directly participate in any stock or equity investments. This is not a solicitation of any specific annuity product. Guarantees are dependent on the claims paying ability of the issuing company.
